2 - What has been particularly effective about Sara Spaziani's approach to teaching in this course?

Response Rate 10/38 (26.32%)

- She was fantastic, one of the best TA's I have ever had. She took time to explain concepts to us during her hours, and was very obviously invested in our understanding. She really was incredible and significantly helped me with learning the course content.
- The Stata sessions were often essential to be able to complete the empirical parts of the problem sets.
- Very helpful throughout all the TA session
- I thought Sara's TA sessions were always informative, useful, and interesting. She clearly knew the material front and back and was very responsive via email if I had questions.
- Her TA sections were helpful in terms of reviewing course material.
- Very clear.
- Sara was very supportive and had super interesting TA sessions that helped me further understand more difficult concepts.
- She gives very nice recitation handouts that are nicely typed and formatted.
- always available but gets you to think in office hours
- She was super responsive and always very helpful.

3 - What specific advice would you have for Sara Spaziani about changes that would enhance your learning?

Response Rate 8/38 (21.05%)

- No advice for Sarah she did so well
- Almost all of the theory TA sessions covered optional content that wasn't directly tested on the exams/problem sets - it would help if they focused more on reinforcing concepts from lecture.
- N/A
- Sometimes the material in her sections were too complex and things we didn't need to know.
- None.
